

We are delighted to announce the opening of a new Kajoli center at Sarabo, Gazipur right beside the Beximco Industrial Park on 17 April 2015. Children of the locality will be attending this center for one year before they get prepared for admission into nearby primary schools. Teacher has been selected from the community. Guardians and respective community people have willingly decided to pay teacher's salary and children's mid-day meal.

We will like to acknowledge the generosity of Shaheen Chowdhury and Omar Kaisar Chowdhury for providing space of the center house. And also a big thanks to our young friend Labannya for all her enthusiasm in education and particularly in Kajoli early childhood learning.
